Public Hearing
December 4, 2024**

Topic: Environmental Soil Management of New York LLC
Fort Edward Township, NY
Research, Development & Demonstration (RD&D) Permit
NYSDEC Application # 5-5330-00038/00027

Date: December 4, 2024

Start Time: 7:00 pm

End Time: 9:43 pm

Public Notice

- Public notice was made as stated in the project’s Public Participation Plan (“Plan”) - [PPP](#). This plan was approved by the NYSDEC prior to its implementation. This included approval to conduct the hearing as a virtual meeting.
- As required by the Plan, public notice (including date and time of the public hearing) was mailed to the local community and arrived in mailboxes on or before November 19, 2024. See the Plan, Appendix B - Address list and Appendix D – Draft Public Notice - [PPP](#).
- Notices were also posted at:
 - Fort Edward Public Library, 23 East St, Fort Edward, NY 12828
 - Fort Edward Village Office, 118 Broadway, Fort Edward, NY 12828
 - Fort Edward US Post Office, 126 Broadway, Fort Edward, NY 12828
 - Stewart’s Shops, 378 Broadway, Fort Edward, NY 12828
- As part of the public notice, interested parties were directed to a public participation website - [https://pages.cleanearthinc.com/new-york-ppp](https://pages.cleaneearthinc.com/new-york-ppp) . This website made available the project’s Public Participation Plan and other background information.
- The website also contained information for pre-registering for the public hearing and for making comments directly to ESMI/Clean Earth via phone, email or the website itself.
- Binders with the information found on the website were stationed at the following locations:
 - Fort Edward Public Library, 23 East St, Fort Edward, NY 12828
 - Hudson Falls Free Library, 220 Main Street, Hudson Falls, NY 12839
- Prior to the public hearing, ESMI/Clean Earth personnel engaged local residents and community groups and answered their questions about participation in the hearing. These residents and local community groups also distributed information about the public hearing on their social media and other networks (e.g., [Facebook1](#) and [Facebook2](#) <https://www.facebook.com/people/The-Fort-Stops-PFAS/61569405066363/>)
- Finally, ESMI/Clean Earth reached out to local newspapers and TV stations to encourage additional notice on the public hearing.

Attendees

- Participants were offered the opportunity to pre-register for the virtual public hearing. This pre-registration was available on the public participation website approximately 15 days before the hearing. Registration could occur at any time, including after the public hearing had started. The number of people who pre-registered for the hearing totaled 312 (see Table 1 below). This total was calculated by counting the unique names and email addresses of those who pre-registered. Duplicates were not counted.
- The participants who joined the meeting on a device totaled 269 (see Table 1 below). This total was calculated by counting unique log-ins.
- The names and hometowns of those participants who joined are listed in Table 2 below. This table also includes information on connection times and platform (device) used to access the hearing. Please note that the total number of names listed in Table 2 is 299. This number is greater than the 269 who took part because some participants joined and dropped and rejoined during the virtual hearing, often moving from one device to another (e.g., moving from their cell phone to a computer).
- Based on background conversations that occurred during each comment, it appears that multiple people were present at some of the unique logins and thus individual participants often represented more than one person (i.e., more than one person was participating at a single location). The actual number of additional participants cannot be estimated.
- The hometown data shows that 218 of the 269 unique logins identified as living in Fort Edward or a nearby community (see Table 1 below)

Commenters

- Individuals who chose to make oral comments/ask questions during the virtual hearing were required to call into a queue where an operator was standing by. This was done to manage internet bandwidth and ensure adequate uninterrupted access for attendees. Each oral commenter was asked to provide her/his name and hometown. The names and hometowns of each person who called in are listed below in Table 3.
- While waiting in the queue individuals continued to listen to the public hearing.
- 83 people called into the queue. 52 of those made oral comments.
- Each person was given two minutes to make comments and ask questions. Commenters were allowed to comment only once. Not all commenters took the full two minutes.
- ESMI/Clean Earth representatives responded to the questions.
- All individuals requesting to make a comment were accommodated. The public hearing, originally planned for 1 hour, was adjusted to 2 hours prior to the start. Clean Earth kept the hearing active until all participants who requested to comment had spoken. The public hearing lasted approximately 2 hours and 43 minutes.
- At the end of the virtual hearing, two individuals asked to make additional comments. We accommodated those requests. Each person was allowed to speak for as long as they wanted. The virtual hearing concluded after these two final commenters.

Written Questions During the Virtual Hearing

- In addition, individuals meeting participants were given the option to submit their comments and questions in writing through the hearing's chat function. 101 commentors (see Table 1) made a total of 429 comments, 238 of which were questions.

Response to Questions

- All questions both oral and written will be transcribed, compiled, sorted, summarized, and answered. These answers will be posted in a separate document.
